

HEAT TRANSFER EQUIPMENT

pre-engineered for general applications | custom for process applications
 plate | brazed
 air | cool

Standard Xchange

The New Standard in Shell & Tube Heat Exchangers

From water to oil to process fluid and corrosive fluid applications, there's a Standard Xchange heat exchanger that will get the job done. The comprehensive range of heat exchangers are dependable, rugged, and proven – with more than 90 years of research and engineering backing every design. With state-of-the-art computerized design and configuration integrated with advanced lean manufacturing cells, hundreds of design options are available through a Quick Ship Program providing unparalleled yet cost effective lead-times. Or better, Cascade Flow Control Solution's has it in stock.

It is true that Standard Xchange has been leading the way in state-of-the-art heat transfer solutions. The advanced thermal research lab is one of the largest and best equipped facilities in the industry. Staffed with a team of highly qualified engineers, Standard Xchange's research efforts are used to analyze complex heat transfer solutions and advanced new product development. It is also made available to industry groups, to develop standards and guidelines for product design and testing.

CASCADE is a proud partner with STANDARD XCHANGE | Call to discuss your requirements

MODEL: BCF <IN STOCK>

Pre-engineered fixed tubesheet construction made with cast iron and copper alloys.

Shell diameters in 2" through 8" with 1, 2 or 4 pass configurations.

Applications: to heat or cool water or lube oil; condense steam. Use for auxiliary machinery, turbines, engines, compressors and lasers.

MODEL: SX2000 <IN STOCK>

Pre-engineered fixed tubesheet construction made with cast iron, steel and copper.

Shell diameters in 3" through 8" with 1, 2 or 4 pass configurations.

Applications: to cool lube oil, fluids or jacket water, and for use where copper is not practical.

CENTURY SERIES*
 Engineered/ customized heat exchangers for process and other heating/cooling applications.

BRAZEPAK*
 Brazed plate heat exchanger.

PLATEFLOW*
 Gasketed plate & frame heat exchanger.

AIREX* AND FANEX*
 Air/oil, air/air, or air/water heat exchangers.

PRE-ENGINEERED SERIES
 BCF*/SSCF*/ SX2000*/B300*
 Pre-engineered shell and tube heat exchanger.

BCF/HCF/SSCF Gaskets
 <IN STOCK>
 SX2000 Gaskets
 <IN STOCK>
